

Leasing with us can help you achieve one of the following:

- Avoid all accidents on the job.
- Raise productivity levels “through the roof”.
- Keep your equipment costs in line.

MADISON CAPITAL HAS THE RIGHT LEASING PROGRAM FOR MANUFACTURING COMPANIES.

Why use valuable funds for the things you need to keep your manufacturing business running profitably? Madison Capital will help you acquire what you need to upgrade or expand your company. And, we make it possible with little or no down payment.

What can we help you finance while preserving current capital? Here are some examples:

- Sheet metal fabricating
- Assembly line equipment
- Lathes
- Printing presses
- Mill-work equipment
- Manufacturing /engineering software
- Food processing equipment

LEASING HELPS YOU ACQUIRE WHAT YOU NEED TO RUN YOUR BUSINESS WITHOUT TYING UP YOUR CAPITAL.

Join the many manufacturing operations making the most of our leasing options. Lease financing makes sense in a number of ways. It can help you:

- Upgrade equipment
- Conserve cash
- Keep monthly payments low
- Gain potential tax benefits
- Ensure fast turnaround
- Take advantage of fixed rate financing and terms up to 72 months
- Spread the cost of expensive equipment over its useful life

WHY MADISON CAPITAL?

Madison Capital has been serving the equipment and vehicle leasing needs of the manufacturing industry for over 35 years. Our clients include factories, mills, and

plants all over the country.
