

Avionics

Madison Capital has the right financing programs to upgrade Avionics. Financing helps you acquire what you need to operate your aircraft without tying up excess capital. Additional benefits of our financing solutions include:

- Conserve cash
- Keep monthly payments low
- Gain potential tax benefits
- Ensure fast turnaround
- Take advantage of fixed rate financing and terms up to 72 months
- Spread the cost of expensive equipment over its useful life

With over 40 years of equipment and vehicle financing experience, **Madison Capital** offers the expertise necessary to determine your best options. Our financing plans enable you to acquire, upgrade or replace avionics equipment easily and economically.

Madison Capital provides a wide range of Avionics financing solutions for businesses operating general aviation aircraft. We can help you acquire the FAA's required ADS-B (in/out) upgrades in a quick and affordable manner.

ELIGIBLE AIRCRAFT TYPES:

- All U.S. registered aircraft.
- All ages of fixed-wing and rotary aircraft.

QUALIFYING UPGRADES INCLUDE:

- WAAS-GPS
- Displays
- Transponders
- Antennae
- ADS-B (out/in)
- Installation Certification
- RNP/RNAV
