

Fleet Operations

Madison Capital has the right financing program for fleet operators. Why use valuable funds for the things you need to drive business? Financing helps you acquire what you need to run your business without tying up your capital.

Join the many fleet operators making the most of our financing options. Lease financing makes sense in a number of ways. It can help you:

- Conserve cash
- Keep monthly payments low
- Gain potential tax benefits
- Manage maintenance costs
- Maximize resale values
- Take advantage of fixed rate financing and terms up to 72 months
- Spread the cost of expensive vehicles over their useful life
- Open and Closed-end Leases

Madison Capital has been serving the equipment and vehicle financing needs of fleet operators for over 40 years. Our clients include fleet-driven businesses all across the country, such as limousine and motor coach companies, sales organizations, movers, rental car companies, landscapers and demolition companies.

To find out how we can work together to keep your business thriving, please contact us.
